DHR File No. 2023-4049

Dear Sayed Masood,

The Virginia Department of Historic Resources (DHR) has received for our review and comment architectural plans for the project referenced above, which was submitted for our review pursuant to Section 106 of the National Historic Preservation Act of 1966, as amended.

We have reviewed the plans provided as well as additional photographic documentation that was requested. Our questions were also addressed in a meeting with the architect held in 2024. After careful review of the plans, it is our opinion that the proposed undertaking will not adversely affect historic resources, and the conditions of our conditional no adverse effect recommendation for the project have been fulfilled.

Implementation of the undertaking in accordance with the finding of *No Adverse Effect* as documented fulfills the Federal agency's responsibilities under Section 106 of the National Historic Preservation Act. If for any reason the undertaking is not or cannot be conducted as proposed in the finding, consultation under Section 106 must be reopened. Thank you again for notifying our office of this project.

Should you have questions regarding these comments, do not hesitate to contact me at 804-482-8097 or chelsea.jeffries@dhr.virginia.gov.

Sincerely,
