E-SCOOT SAFELY

Take a minute to review these tips and find a safe place to practice your first ride.

TIPS FOR A SAFE AND PLEASANT RIDE

1. Ride in the street or in a bike lane in the same direction as traffic; stay to the right to allow cars to pass
2. Park next to bike racks or by the curb: don't block sidewalks or other walkways
3. Be predictable and obey all traffic rules: signal turns and stop at stop signs and red lights
4. Yield to pedestrians: help keep all road users safe and comfortable
5. Be alert: make sure drivers see you in the road and at intersections
